CHOLERA APPEARS IN GERMAN EMPIRE

Dread Black Plague Causes Alarm in Kaiser's Domain.

RUSSIAN POLAND ALSO INFECTED

German Health Officials Do Not Think the Disease Can Reach the United States—Steamship Company Bars Russian Immigrants.

Berlin, Sept. 4.—The ministry of the interior has issued a notice assuring the public that there is no reason for anxiety on account of the appearance of cholera in German territory. The government has long reckoned on the political situation. A circular dispatch was sent by the imperial department of the interior to the confederated states in January calling attention to the possibility of cholera and requesting them not to be unprepared to deal with an infection.

"Resisting the spread of cholera," the official declaration, "has become much easier, under the imperial epidemic law of June 30, 1900, giving the health police proper power. These powers have been fully exercised in sequestering persons that have cholera or have been exposed to it, or who have doubtful symptoms and in watching over persons and property employed in traffic on the rivers Weichsel, Brahe and Netze, and on the Bromberg canal."

The German imperial health office today made the following statement concerning the probability of cholera reaching the United States from Germany:

The danger of the migration of cholera to America from Germany is remote. Since the experiences of 1902-1903, arrangements have been perfected to comb at the disease even ig its importation cannot be prevented. Hamburg and Bremen are the most dangerous spots and to them the most care has been devoted. The water system of Hamburg which used to be fed from the Elbe, has been changed so that no drinking water is taken from the Elbe. That was the cause of the epidemic of 1892. So far only sporadic cases have occurred within German territory, derived from Russian raftsmen, and the sible immigrant who died at Hamburg.

Four Deaths in Poland.

Warsawfi Russian Poland, Sept. 4.—The reports from West Prussia and the announcement of three deaths from cholerad in Galacia yesterday no longer leave any doubt that the Visitula district iis infected with the disease for the present. It is known that four deaths from cholera occurred in Russian Poland, and several suspected cases are announced from Clechochoine, a watering place not far from the Russian frontier. The government of Kiolce, bodering on Galicia, is still free from the epidemic. Warsaw itself is also exempt and the report of a case of cholera at Lodz is denied. Doctors have been sent to various points along the Vistula for the purpose of observation and a special committee is ready to act in cases of an increase of the disease. The rafts afloat have been placed in quarantine.

Russian Officials Deny Report.

St. Petersburg, Sept. 4.—The health department reiterated today its assurance that there is no cholera in the empire, including the Vistula district. The Minsk district has just reported again that no cases of cholera have been discovered there. A special investigation is being conducted in the Warsaw district. The authorities are again tracing the cours edown the Vistula of the raft on which two cases of cholera occurred. In April last while describing the river from the government of Minsk to Culm, West Prussia.

Russian Emigrants Barred.

Hamburg, Sept. 4.—On account of the appearance of the cholera the police authorities have forbidden [illegible] Hamburg of Russian emigrants until further notice. The Hamburg-American steamship company issued instructions to all it Russian agencies to refuse steerage tickets to Russian emigrants.

LITTLE GIRL KILLED BY STONE.

Boy Threw at Another and Struck Her on the Temple.

New York, Sept. 4.—Holding her doll in her arms, Rosa Griffo, 14 years old, was instantly killed at her home in West Fifty-ninth street by a stone alleged to have been hurled by Chas. Gillette, an Italian of 18 years. The boy escaped.

Still clasping the doll, the body of the little girl was taken to her home and detectives were searching for the boy all night.

Gillette is the leader of a band of young Italians, who have given the police much annoyance. For a long time they have harassed the keeper of a small store of a man named Muscarello, who asked a policeman to drive them ooff. Gillette soon returned afterwards, crept stealthily along the opposite side of the street and when Muscarello's head was turned threw a large stone with all his force. The missile struck the little girl in the temple and she fell on the sidewalff, dying nstantly. Neighbors say Gillette was engaged to marry the dead child's sister.

BANK MAY PAY 75 PER CENT.

Denver Concern Which Recently Failed Was Badly Conducted.

Denver, Sept. 4.—Receiver Stevick, of the suspended Denver Savings bank has been taken into the district court to testify as to the condition of the bank. He believes that the assets of the bank will pay 75 per cent of the depositors' claims and asks authority to declare a dividend of 10 per cent at once.

He saidy "I am convinced that during the past few months the affairs of the bank have been conducted in gross and wilful violation of the banking laws of the state. Loans have been made to persons associated with and to companies officered by the same persons who made the loans as officers of the Denver Savings bank, and such loans were made without any collateral or upon collateral which was only a flimsy pretext.

"On the books of the bank appear entries of loans to banks and commercial houses in Indiana Territory and Texas."

WILL RETURN TO WASHINGTON

President Roosevelt Will Soon Be at the White House.

Oyster Bay, L. I., Sept. 4.—Arrangements have already been shaped in a tentative way for the return of President Roosevelt to Washington. Such business as is not of a pressing nature is being prepaared until the president can take it up directly with his cabinet officers at the White House.

At present it is the president's intention to leave Oyster Bay for Washington on Saturday morning, Sept. 30. Meantime at Sagamore Hill he will receive and entertain the Russian and Japanese plenipotentiaries. It is expected that they will be the guests of the president and Mrs. Roosevelt at luncheon, the Russians being entertained one day and the Japanese another. The dates for the luncheons have not been fixed, but will be dependent in great degree on the conclusions and signing of the treaty of peace.

The president will make formal expression concerning the conclusion of peace until the treaty shall have been signed.

No visitors were scheduled to arrive at Sagamore Hill today.

Prominet Atlantan Dead.

Atlanta, Sept. 4.—William H. Venable, one of the best known business men of Atlanta, and the south, fell dead in the home of his brother-in-law Dr. J. M. Ellis, 19 Forrest avenue, Friday a few minutes after 7 o'clock in the evening. The cause of Mr. Venable's death was heart failure. Owing to the fact that the wire are down between this city and Stone Mountain as the result of the thunderstorm of Friday afternoon, Mr. Venable's family did not know of the tragic occurrence until some hours later.

SITUATION STEADILY GROWING BRIGHTER

Many Towns Modify Quarantine Against New Orleans

CONDITIONS ABOUT THE SAME

The Surrounding Country Seems To Have Confidence Now That the Government Officials Can Control the Spread of the Disease.

New Orleans, Sept. 4.—Up to noon today there were ten new cases of yellow fever and three deaths.

New Orleans, Sept. 4.—No change marked the yellow fever situation here today. The health authorities are hopeful now that the daily number of new cases will no longer go much above 40, and that by the end of another week they will be falling considerably below that figure.

It has not yet been determined to announce the removal of foci but the marine hospital has information that a large number have disappeared.

Three additional cases of yellow fever were reported today at Terre Aux Boeufs, in St. Bernard parish, adjoining New Orleans.

Of the 39 cases reported in New Orleans in the preceding 24 hours, three were in the adjoining parish of Jefferson, but taken in charge by the local authorities.

The weather was clear again today.

Modifying Quarantines.

The faith that the country outside of New Orleans has from the reports of the Marine Hospital service, are beginning to show modifications of quarantines. Already here and there are communities lightening the restrictions, but now that the pace has been set, it is expected that there will be general modification in the second half of the present month, if there is no unfavorable turn in the situation.

An instance of returning sanity is shown by Manchac, La., which has removed its restrictions expressing confidence in he work of the men here. LaFayette, La., is also convinced that it is possible to control and stamp out the fever if taken in time, that it has reviewed its regulations. Other towns are taking similar action.

Governor Vardaman has highly commended the work of the Marine Hospital service, and has asked Surgeon Wyman to give his co-operation in the movement of freight out of Natchez and Vicksburg.

Farly in the excitement Governor Vardaman commended the prudence of the citizens of Mississippi in not accepting freight from New Orleans, but the success in the campaign that has been fought by Dr. White has modified his views.

October 1 is moviing day in New Orleans. There is some apprehension that extensive moving on that day all over the city may militate against the good work that has been done and Dr. White and the parish medical society are consideriing an appeal to moving for thirty days as was done in 1877.

Excellent work has been done for this past six weeks by the negro population of New Orleans. Leaders of the race, together with the ministers have preached to their people the necessity of obeying the rules of the authorities and the advice has been penerally followed. Colored physicians have promptly reported cases and taken all precautions.

Dr. White said he desired to praise the energy and intelligence displayed by the negroes which had been of material assistance in the campaign.

Three hundred tons of sulphur have been burned in the ancient civil district court buildings, which has been surrounded for weeks with yellow fever cases. The work of disinfection in the building has been thorough. Lawyers generally have been giving the building a wide berth and transacting their business in many instances by messenger and telephone.

Great Interest in Sanitation.

Great interest in sanitation has been developed in New Orleans by the fever visitation and it is expected that with the passing of the fever there will be legislation that will tend to a vast improvement in local conditions. There is a demand that hereafter there shall be specific attention directed to the crowded foreign quarters, where in the fever started this year, to the end that the authorities may at all times be in touch with the health conditions of these localities. In connection with sanitation a meeting has been arranged to take place on Monday evening in the city council chamber at which Professor Boyce, of Liverpool, will speak tellinig of sanitary methods in Liverpool and the other British cities. Mayor Behrman will preside.

Two New Cases at Natchez.

Jackson, Miss., Sept. 4.—Secretary Hunter, of the state board of health this morning received a telegram from Natchez stating that two new cases there yesterday one was a nurse, Miss Richards, who has been nursing one of the yellow fever patients there.

IMPERIAL BAN ON BOYCOTT.

Chinese Officials Have Orders to Suppress Fight on Goods.

Oyster Bay, Sept. 4.—China has placed the boycott of American products under an imperial ban. An edict has been issued by the government commanding viceroys and governors of provinces to take measures for the suppression of the boycott, and holding them strictly responsible. The state department at Washington has received a cablegram from Minister Rockhill at Pekin giving a summary of the edict. The cablegram was forwarded immediately to the president, and by his direction Secretary Loeb made it public. The text of the cablegram follows:

"Imperial edict published yesterday states that the long and deep friendship between the United States and China has never been tried as now. The United States government has promised to revise treaty and people should peacefully await action of both governments. Boycott wrong and harming friendly relations. It (edict) commands viceroys and governors to take effective action, making them strictly responsible. Undoubtedly will have a good effect. Shanghai reported situation improving."

NATIONAL BANK CURRENCY.

Total Circulation Shown in August Report at $512,220,367.

Washington, Sept. 4.—The monthly circulation statement, issued by the comptroller of the currency, shows that at the close of business Aug. 31, 1905, the total circulation of national bank notes was $512,220,367, an increase for the year of $59,703,594, and an increase for the month of $8,248,972; the circulation based on United States bonds amounted to $478,786,165, an increase for the year of $61,405,865 and an increase for the month of $7,170,349.

The circulation secured by lawful money aggregated $33,434,202, a decrease for the year of $1,702,271, and an increase for the month of $1,078,578.

The amount of bonds on deposit to secure circulation notes was $482,198,090 and to secure public deposits, $67,097,300.

Engineer Shot to Death.

Bilrmingham, Ala., Sept. 4.—D. E. Davis and J. E. Ryan, well-known locomotive engineers on the St. Louis and San Francisco railroad, engaged in a personal altercation in the round house of that road here, which ended in Ryan drewing a pistol and shooting Davis to death. Ryan surrendered, and refuses to make a statement. Ill-will had existed between the men for some time.

Man Held for Wife Murder.

Carnesville, Ga., Sept. 4.—H. C. Brewer, a tenant farmer, 21 years old residing 3 miles of Carnesville, has been lodged in jail here on the charge of murder, by Sheriff Ramply. He is alleged to have given his wife a whipping on June 5, which resulted in her death three weeks ago. She left her husband on June 15, went to her fathers, near Monroe, Ga., and died there.

PEACE CONFERENCE ABOUT COMPLETED

Clerks Are Ready to Engross the Treaty of Peace.

ARMIES HEAR OF THE TREATY

By Tuesday of Next Week It Is Believed the Document Will Be Ready for the Signatures of the Chief Envoys—Details Yet To Be Arranged.

Portsmouth, N. H., Sept. 4.—It is expected that the text of the treaty will be completed today. Only two articles remain to be drafted. The stenographers from the state department are already here to begin the work of engrossing and everything indicates that the ceremony of signing the treaty can take place Tuesday at the latest, possibly Monday.

The statement in the Associated Press dispatches last night that [illegible] ries of conferences which lasted until almost midnight related to ferences over the article the division of Saknalin is confirmed. The Japanese at first inclined to be obdurate but at ment mutually satisfactory visionally agreed to and is to be finally ratified by the potentiaries during the day.

The article relating to be according to the original as given in the Associated patches Tuesday night, obligation not to fortify obligation on the part of to fortify LaPerouse only other question which be solved is as to the evacuation of Manchuria. are to be immediately Japanese to the line of the Russians to Harbin. of the subsequent not yet been arranged.

Armies Hear the News

Gunshu Pass, Manchuria, Sept. 1.—The first information agreement between the potentiaries was printed in sue of the Army Organ, but message to Emperor Nicholas today, was held over until

From various sources the agreement percolated munities at Kochiation Pass, Aug. 31, but comment held pending military publication, and the news vaguely known or realized effect. Arrangements already been inistituted lishment and maintenance tral zone between the ing their demobilization. has had ample time to self to the idea of peace. have followed the discussion ly as the delayed dispatches and it is evident that the ing an indemnity was the come of the Japanese foreign military attaches ing to be recalled, and for formal leave-taking manders. The industrial ary interests are already resume their enterprises, by the war.

Has Four Living Wives

Chicago, Sept. 4.—[illegible] Tribune from Indian that Charles Tuller here on a charge of bi lice claim to have of his marriage to five of whom are living and All the marriages illinois between 1897 and arrested in this city on No. 2. Two of his wives here to identify him.

Many Visit Yellowstone

Salt Lake, Utah, Sept. Americans have visited stone park this summer fore, according to M. H. ager of the Monida and stage line, who is now Fully 20,000 persons have park since the season opened

LIGHTNING STRUCK A LADY AT HAGUE

Mrs. DaCosta Cellon Victim of a Most Painful Experience.

STUNNED BY ELECTRICITY

Was Unconscious for Several Hours, But Constant Attention Brought Her to Consciousness, and on Monday Morning She Was Out of Danger.

There came near being a serious calamity at the home of DaCosta Cellon at Hague, Sunday afternoon, when Mrs. Cellon, the wife, was struck down by lightning, and received a severe shock which lasted for an hour or more, rendering her unconscious and causing no end of excitement and anxiety among the members of the family.

Mrs. Cellon had invited a number of relatives to dinner, and just after the assembled guests had partaken of dinner a storm came up and the hostess went into the kitchen for some purpose. As she reached the stove and attempted to grasp a pot-handle the lightning came and struck her down.

The lightning entered the kitchen door, struck the right hand of Mrs. Cellon, following up her arm, and when it reached her shoulder passed on. The victim was terribly shocked, and the shock was felt by those in the dining-room, but she recovered after frequent applications of cold water and is now resting easily. She can tell how it feels to be struck by lightning, but her experience can never be appreciated by any persons but those who go through it.

BASEBALL TOMORROW.

Fats and Leans Will Entertain People for Benefit Cemetery Association.

There will be pulled off tomorrow afternoon on the local diamond one of the "hottest" and most exciting, as well as amusing, baseball games of the season, when the Fats and Leans will line up for the championship. The Fats and Leans are composed of the most "expert" (?) ball tossers of the city, and those who attend this game are assured of their money's worth.

The game will be played for the benefit of the Cemetery Association, and all the proceeds will be turned over to their benefit. The admission will be twenty-five cents for grown folks and fifteen cents for children.

The game will be called at 2:30 o'clock sharp, and everybody who has the price is invited.

The line-up, which is guaranteed to be of the "proper stuff," will be published tomorrow.

THE YELLOW FEVER.

Pensacola Kicks on Quarantine—New Orleans Reported Improving.

Pensacola, Sept. 4.—Not a new case reported here today. Dr. Porter has ordered a complete guard thrown around the city and there is much indignation. The eradication of the fever is looked for before October. There are several suspicious cases.

At New Orleans.

New Orleans, Sept 4.—From 6 p. m. Sunday until noon today there were 13 new cases and one death. Total cases to date, 2,037; total deaths being 288. Sunday there were 29 new cases and three deaths.

Refuses to Quarantine.

Atlanta, Ga., Sept. 4.—This city refuses to comply with the request of State board for a quarantine. Dr. Harris advises a quarantine against Atlanta.

TAX SALES DAY.

Many Were Present and Much Property Was Bought for Taxes.

Monday was the legal sales day for lands upon which the owners had not paid taxes, and this occasion brought many country people to the city.

The sale was called before noon, and Collector Dickinson was kept busy from that hour until late in the afternoon. While a great many parcels were either sold or certified to the State, the list was considerably smaller than usual, which shows the prosperity of our people.

The sale will be continued today.

PISO'S CURE FOR

Women as Well as Men Are Made Miserable by Kidney and Bladder Trouble.

Kidney trouble preys upon the mind, discourages and lessens ambition; beauty, vigor and cheerfulness soon disappear when the kidneys are out of order or diseased.

Kidney trouble has become so prevalent that it is not uncommon for a child to be born afflicted with weak kidneys. If the child urinates too often, if the urine scalds the flesh, or if, when the child reaches an age when it should be able to control the passage, it is yet afflicted with bed-wetting, depend upon it, the cause of the difficulty is kidney trouble, and the first step should be towards the treatment of these important organs. This unpleasant trouble is due to a diseased condition of the kidneys and bladder and not to a habit as most people suppose.

Women as well as men are made miserable with kidney and bladder trouble, and both need the same great remedy. The mild and the immediate effect of **Swamp-Root** is soon realized. It is sold by druggists, in fifty-cent and one-dollar size bottles. You may have a sample bottle by mail free, also a pamphlet telling all about Swamp-Root, including many of the thousands of testimonial letters received from sufferers cured. In writing Dr. Kilmer & Co., Binghamton, N. Y., be sure and mention this paper. Don't make any mistake, but remember the name, Swamp-Root, Dr. Kilmer's Swamp-Root, and the address, Binghamton, N. Y., on every bottle.

Home of Swamp-Root.

ARNO ANECDOTES.

Important Wedding — Neighborhood Fish Fry—The Crop Outlook.

Arno, Sept. 4.—Miss Ella Osteen of Arno and Willie F. Marlow, chief clerk in one of the largest dry goods houses in Ocala, were happily united in the holy bonds of wedlock at the Forest Grove Church, August 27th. The church was most beautifully decorated and the bride and groom stood beneath a large horseshoe of flowers and evergreens. The ceremony was performed by Rev. W. C. Foster of Alachua, and was one of the most impressive and prettiest it has ever been our pleasure to witness. The groom was accompanied from Ocala by his uncle, Mr. Weaver, Miss Robinson and his sister. After a bountiful dinner at the home of the bride, enjoyed by a few friends, the happy couple left on the 1 o'clock train for Ocala, their future home, where the groom already had a home prepared for his bride.

Mr. Dent and family of St. Petersburg left for home this morning, after spending about ten days visiting friends in this community. They were accompanied by Miss Lola White, Mrs. Dent's sister.

Miss Fannie Terry of Fort White is visiting her brother, T. J. Terry.

A large number of neighbors and friends gathered last Wednesday on the banks of the Santa Fe river, at the spring, and enjoyed a bounteous fish fry and picnic. The fish were furnished by Messrs. Brown, Osteen and Rooks, who live near Blue Spring.

Miss Ruby Hawkins of Alachua is visiting Misses Rosa and Lessie May.

Rev. F. M. Hartman preached to a large congregation at Forest Grove on Sunday.

Farmers are busy gathering their corn and cotton crops. The crops are below the average. If the rains continue a little longer the hay and cane crops will be good.

Cured of Lame Back After 15 Years of Suffering.

"I had been troubled with lame back for fifteen years and found complete recovery in the use of Chamberlain's Pain Balm," says John G. Bisher, Gillam, Ind. This liniment is also without an equal for sprains and bruises. It is for sale by all druggists.

That Ball Game.

If the report of one of the Alachua ball players is true, The Sun was somewhat off in its report of the game between that town and High Springs recently. The Sun stated that the game resulted in a score of 11 to 12 in favor of High Springs. This party states, "upon his own recognizance," that the game stood 11 to 11 in the ninth inning, that Alachua was at the bat with three men on bases, one out, and that High Springs "threw off." That is a matter to be settled between themselves.

Cause of Insomnia.

Indigestion nearly always disturbs the sleep more or less and is often the cause of insomnia. Many cases have been permanently cured by Chamberlain's Stomach and Liver Tablets. For sale by all druggists.

MELROSE MATTERS.

The Picnic Season is Now On—Big Time at Martin's—Boat News.

Melrose, Sept. 3.—On Saturday, September 2nd, there was a picnic given by James Martin in the grove which lies between his residence and McLeod's lake. The good things to eat were spread on the lawn near the water's edge, and after everyone had eaten bountifully of the feast, they then repaired to the house and there enjoyed dancing until late in the afternoon. In spite of the heavy rain which fell in the afternoon all had a very enjoyable time. One of the most interesting features of the day was a mock marriage, the contracting parties being Miss Lula Goodson and Mr. Flennie Wells, the ceremony being performed by Perry Granger. The spectators had the laugh on Mr. Wells when Mr. Granger asked for his fee of $5 for his services. The groom then had to acknowledge that he was broke. We were favored with some very fine music and singing by Mr. Martin. He is a very fine musician and a most interesting entertainer. We all hope for another good old picnic of this kind to be given by our genial friend in due season.

There is to be a picnic at Earleton Friday, September 8th, and the boat will handle passengers from Melrose and Waldo. Fare for the round trip from Melrose will be 25 cents, and from Waldo the round trip will be 50 cents. Boat leaves Melrose for Earleton at 10 a. m., returning to Melrose at 5:30 p. m. Leave Earleton for Waldo at 3:30 p. m., arriving at Waldo at 4:40 p. m.

The farmers state that cotton is not damaged as bad as was at first supposed, although they are having heavy showers nearly every day. There were twelve bales of cotton shipped last Saturday.

Mr. Hamlyn is building a house for his new launch, which is to arrive the first of next month.

Got Off Cheap.

He may well think he has got off cheap who, after having contracted constipation or indigestion, is still able to perfectly restore his health. Nothing will do this but Dr. King's New Life Pills. A quick, pleasant and certain cure for headache, constipation, etc. 25c at all drug stores; guaranteed.

BIG MEETING OF FAIR ASSOCIATION

Many City and Country Folks Showed Interest in Meeting.

THEY CAME FROM EVERYWHERE

Those From the City and From the Country Seemed to Manifest Great Interest—An Exhibit at the Fair is Now Assured—Interesting Meeting.

The Alachua County Fair Association desirous of bringing into the organization members from the best people and most progressive element of the county, held a meeting Monday, and quite a number were present.

The meeting was called to order by Vice-President Louis C. Lynch, in the absence of the president, Major W. R Thomas

Chairman Lynch explained the purpose of the meeting. He stated that already a number of the most prominent men in the county, earnest and faithful advocates and workers for the success of the Alachua county exhibit at the State Fair, had "taken unto themselves" the responsibility of joining together in this movement, and had appointed Fair commissioners, among the most prominent people, from various sections of the county. "I have noted, and probably many of you have noted, that as a rule these commissioners, full of energy and love for their county, have gone to work," remarked Chairman Lynch, "but they need the support of the backbone of their county. There have been but few men appointed as commissioners who have not written the Fair Association that they are heart and soul with the organization, and many of them have already sent exhibits to Gainesville for the county exhibit at the State Fair."

Chairman Lynch stated that it was important Alachua county should be fully represented at the State Fair. "I am not trying to fry fish in another man's pan," he said in a good-natured way, "but let me tell you something: Every county in Florida is going to the State Fair, and they are going to try and go there 'strong.' Many counties financially and agriculturally and horticulturally and from a manufacturing standpoint weaker than we, are determined to go to Tampa with the best they have and will make a fine showing and surely we will not permit the dear rich old county of Alachua, with all the resources of the whole South, to send a few jars of pickles and preserves which will be not a benefit, but a detriment to our county, when shown up against the productions of other counties which raise the best on earth in this line."

There was a hearty response to Mr. Lynch's talk, and it was not long before those before him were shaking his hand and congratulating him upon his stand in the matter.

Chairman Lynch stated that this meeting had been called for Friday, but on account of the fact that the business men were busy and the people outside were too much occupied in trading to attend, the same had been postponed, and he was glad to see so many present on this occasion, as it made his heart glad to know that interest was being taken in the State Fair—not for the interest of the Fair particularly, but for the interest of Alachua county. He took occasion at this point to say that he believed Alachua county was leading in agriculture, in horticulturals and in other ways, in fact, and there was no reason why a good display could not be made. He wanted to have that $2,000 first premium, he said, "and there is no reason why we should not get it."

Mr. John W. Tench, collecting agent of the county exhibits for the Fair, was present, and addressed to the meeting what he told of the manner he was working, which seemed to have a perfect system.

Mr. Burtz, representing the State Fair Association, was present, and made a short talk on "The Objects of the State Fair and What It May Be." Mr. Burtz is the vice-president of the State Fair Association, being a resident of Alachua county, and wants to see a fine exhibit at the State Fair.

There were a number of prominent men from every section of the county present at the meeting, having been invited to be present by the vice-president. At the conclusion of the meeting it was decided to select a list of the leading citizens representing the various sections of the county as members of the Fair Association, as follows:

Waldo—J. T. Weeks, J. M. Boring.

LaCrosse—Ivan Holder, R. R. Joiner.

Alachua—W. C. Rives, S. T. Prescott.

Williford—A. Feagle, J. M. Tolbert.

Trenton—W. J. Mathews, W. Claude Colson.

Newberry—James Chesnut, T. R. Pickett.

Gainesville—H. F. Dutton, C. A. Colclough.

Hawthorn—C. C. Morrison, T. C. Holden.

Island Grove—B. T. Cason, J. R. Tompkins.

Micanopy—John J. Barr, W. C. Smith.

Archer—C. W. Bauknight, S. Erie.

Arredondo—W. C. Beville, D. W. L. Barton.

Fairbanks—R. W. Arnold, M. Beckham.

Windsor—M. J. Beckham, C. Dunn.

Melrose—Baron H. von Noszky, John Fennell.

Lake View—Thos. Johnson, W. S. Jackson.

Hague—Chas. M. Dell, J. A. J. Strickland.

Osceola—Wiley Hines, Samuel Polk.

Orange Heights—Geo. W. Kitler, B. S. Barnes.

High Springs—G. W. Easterlin, E. K. Anderson.

Bell—Thad C. Bryant, H. E. Brooker.

Campville—H. M. Moran, J. M. McKinney.

After discussing matters relative to the Fair, the meeting adjourned subject to the call of the chairman.

There is no doubt that Alachua county is well enthused in the Fair movement, and she will show up well at the State Fair, if those interested work to their interests. The coming State Fair will be one of the largest and best ever seen in the South, and the visitors attracted are bound to become interested in this county, its possibilities and its wealth.

Mothers Are Helped

THEIR HEALTH RESTORED

Happiness of Thousands of Homes Due to Lydia E. Pinkham's Vegetable Compound and Mrs. Pinkham's Advice.

A devoted mother seems to listen to every call of duty excepting the supreme one that tells her to guard her health, and before she realizes it some derangement of the female organs has manifested itself, and nervousness and irritability take the place of happiness and amiability.

Tired, nervous and irritable, the mother is unfit to care for her children, and her condition ruins the child's disposition and reacts upon herself.

The mother should not be blamed, as she no doubt is suffering with backache, headache, bearing-down pains or displacement, making life a burden.

Lydia E. Pinkham's Vegetable Compound is the unfailing cure for this condition. It strengthens the female organs and permanently cures all displacements and irregularities.

Such testimony as the following should convince women of its value:

Dear Mrs. Pinkham:

"I want to tell you how much good Lydia E. Pinkham's Vegetable Compound has done me. I suffered for eight years with ovarian troubles. I was nervous, tired and irritable, and it did not seem as though I could stand it any longer, as I had five children to care for. Lydia E. Pinkham's Vegetable Compound was recommended and it has entirely cured me. I cannot thank you enough for your letter of advice and for what Lydia E. Pinkham's Vegetable Compound has done for me.—Mrs. Ph. Hoffman, 100 Himrod Street, Brooklyn, N. Y."

Mrs. Pinkham advises sick women free. Address, Lynn, Mass.

FRACAS AT JONESVILLE.

Two White Men Received Painful Injuries—Three Negroes Arrested.

There was a festival at Jonesville Saturday night, with the usual result, only this time it resulted in the wounding of white men instead of negroes.

The festival was of the African persuasion, but was attended by a number of white people. At the close there was a general row, in which Moses Keen and Sam Sapp were the victims. Keen was shot in the face and neck, while Sapp received the contents of a shot-gun in the back of the head and neck.

The men were taken to a physician in Newberry, where their wounds were dressed. The physician was in Gainesville Monday, and stated that while the wounds would prove very painful they were not dangerous, and the victims would recover.

Sloan, Washington and Maxey Childs were arrested for the shooting, and are now in jail at Newberry.

Abscess.

Abscesses, with few exceptions, are indicative of constipation or debility. W. H. Harrison, Cleveland, Miss., writes, Aug. 15, 1902: "I want to say a word of praise for Ballard's Snow Liniment. I stepped on a nail, which caused the cords in my leg to contract and an abscess to rise in my knee, and the doctor told me that I would have a stiff leg, so one day I went to J. F. Lord's drug store (who is now in Denver, Colo.). He recommended a bottle of Snow Liniment; I got a 50c size, and it cured my leg. It is the best liniment in the world." Sold by W. M. Johnson.

BENJ. RUSH ON COTTON.

Returns From West and North Ends on Inspection of Cotton Crop.

Benj. Rush, United States special cotton agent for this district, has returned from a tour of inspection, and has been gathering statistics. Mr. Rush states that all sections have been more or less damaged, but he is surprised to note that the ginning so far compares favorably with last season.

Mr. Rush does not expect to finish his work until March of next year, and will be required to furnish the department with semi-monthly reports of all cotton ginned.

Are You Engaged?

Engaged people should remember that, after marriage, many quarrels can be avoided by keeping their digestions in good condition with Electric Bitters. S. A. Brown of Bennettsville, S. C., says: "For years my wife suffered intensely from dyspepsia, complicated with a torpid liver, until she lost her strength and vigor and became a mere wreck of her former self. Then she tried Electric Bitters, which helped her at once and finally made her entirely well. She is now strong and healthy." Sold at all drug stores and guaranteed, at 50c a bottle.

Meeting of the School Board.

The regular monthly meeting of the school board, which should have been held today, convened yesterday, owing to the fact that the examination of teachers for county schools will begin today.

There are many applicants to be examined, and Dr. Kelley, the superintendent, expects his "hands full."

The Kind You Have Always Bought

Bears the Signature of Chas. H. Fletcher.

Chicago Police Shaken Up.

Chicago, Sept. 4.—In the most sweeping police order issued from department headquarters in years Chief Collins last night spread fear and trembling in the police ranks by a general order that affected 50 commanding and subordinate officials of the department. While no retirement or dismissals marked the action, there are several who are not satisfied as to what the future may bring forth. The order creates two lieutenants, two desk sergeants and one patrol sergeant, and appoints three lieutenants, 12 sergeants and 12 patrolmen. The transfers affect almost every precinct where police activity is shown and each district headquarters are an infusion of new blood.

Ayer's Hair Vigor. Losing your hair? And doing nothing to stop it? Don't you know that Ayer's Hair Vigor promptly checks falling hair? It certainly does. And it restores color, also. J. C. Ayer Co., Lowell, Mass.

NEWS FROM ALL PARTS OF FLORIDA

Brief Happenings From Various Sections of State.

THE MOST IMPORTANT EVENTS

Transpiring in "The Land of Flowers."

Things "Boiled Down" to Suit the Busy Reader—Items of Interest to All Classes.

And now Sanford has struck a business boom.

Monroe county will make an exhibit at the Tampa Fair.

The Daytona electric plant will add three more dynamos.

West Palm Beach is talking of organizing a local chautauqua.

J. G. Alvarez of Starke has started up his cotton gin for the season's run.

Orlando is soon to have a wholesale candy factory and a soda water supply house.

Palatka is having trouble with cows and hogs running at large on the streets.

The Polk County Record hints that a Law and Order League would be a good thing in some parts of Florida.

Daytona beach has been well patronized with bathers all summer. It will soon rival the Northern seashore resorts.

The wagon works of Perkins & Berry at Monticello are now open for business, and the Berry patent wagon is said to be a winner.

The contracts for furnishings for the State Hospital for the Insane at Chattahoochee have been let. Florida parties got most of them.

A petition is being signed at West Palm Beach to start a kindergarten school in that place for children between the ages of three and six years.

A severe electric storm passed over Mayo on Friday night, doing considerable damage to the telegraph and telephone apparatus at the railroad station.

St. Augustine will investigate the conduct of her policemen before they are reappointed, as it is stated that the actions of one officer have been very reprehensible.

The Bon Air Hotel Company of Lakeland mean business, and in a short time raised a handsome sum to build a tourist hotel. There were upwards of fifty names put down for stock.

Mosquitoes have been so numerous about Lake Helen that a resident struck his head against the bed post a few mornings ago in fighting them, and saw a bunch of planets—Jupiter, Venus, etc.

The gas company at St. Augustine has been pushing the work on the electric light plant so rapidly of late that they haven't had an opportunity to get in an injunction edgewise. They expect lights by October 15th.

The Fort Pierce News says the farmers in that vicinity are producing a grade of fodder that is superior to the high-priced hay that is shipped in from the North. It is made up of crab grass, cow peas, etc., and has more nutriment than the hay.

A negro burglar entered the residence of Mrs. Margaret Brothers near Jacksonville early Saturday morning, and being discovered by the lady he seized her by the throat and choked her. She managed to give an alarm, when the negro escaped through a window.

Mrs. William Sawyer of Carrabelle had an exciting experience a few days ago. With babe in hands she went to its little carriage to lay it down. She lifted the pillow to turn it over and was greatly startled to find a snake coiled up beneath it. The reptile was quickly killed. It was a harmless creature of the garter variety, but the puzzle is how it got into the carriage in the house.

The Tampa Chapter, Daughters of the Confederacy, have permission from the State authorities at Tallahassee to exhibit at the fair the battle flags returned by the National government to the State last May, and which were used by the Florida regiments in the Civil War.

TO CURE ANY DISEASE.

The Cause Must be Removed, Same Way With Dandruff.

Kill the germ that causes dandruff, failing hair and baldness, you will have no more dandruff, and your hair must grow luxuriantly. Newbro's Herpicide not only contains the dandruff germ destroyer, but it is also a most delightful hair dressing for regular toilet use. No other hair preparation is on this scientific basis of destoying the dandruff germs. It stops all irritation, keeps the scalp sweet, pure and wholesome. Remember that something claimed to be "just as good," will not do the work of genuine Herpicide. Sold by leading druggists. Send 10c. in stamps for sample to The Herpicide Co., Detroit, Mich.

J. S. Bedford & Co., Special Agents

ECZEMA

ITCHES AND BURNS

The return of warm weather means a return of torture to Eczema sufferers. The blood is charged with burning acids and acrid matter which is forced to the surface through the pores and glands, forming pustules which discharge a sticky fluid, and the itching is intense.

The doctors said I had pustular Eczema; it would break out in small white pustules, mostly on my face and hands, discharging a sticky fluid; crusts would form and drop off, leaving the skin red and inflamed. I was tormented with the itching and burning characteristic of the disease for five years, and during the time used various medicated soaps, ointments and washes, but these applications seemed to make me worse. After taking S. S. S. a short time I began to improve; the itching did not worry me so much. I continued the medicine, and soon all the ugly eruptions disappeared and my skin is now as clear as anybody's. I have not been troubled with any breaking out since.

Urbana, O. E. E. KELLY.

Sometimes the disease is in the dry form, and bran-like scales form on the skin, but the cause is the same—humors in the blood. Salves, cooling washes, powders and the like can do nothing more than relieve the itching, because they do not reach the acid-laden blood, the seat of the trouble. S. S. S. cures Eczema and all skin diseases by neutralizing the acids and carrying them off through the proper channels. When S. S. S. has done this the symptoms pass away, the blood is cooled and the disease is cured permanently. Nothing acts so promptly or surely in skin diseases as S. S. S., and it at the same time acts as a tonic to the entire system. Book on Skin Diseases and any medical advice without charge.

THE SWIFT SPECIFIC CO., Atlanta, Ga.

Men Past Sixty in Danger.

More than half of mankind over sixty years of age suffer from kidney and bladder disorders, usually enlargement of prostrate gland. This is both painful and dangerous, and Foley's Kidney Cure should be taken at the first sign of danger, as it corrects irregularities and has cured many old men of this disease. Mr. Rodney Burnett, Rock Port, Mo., writes: "I suffered with enlarged prostrate gland and kidney trouble for years, and after taking two bottles of Foley's Kidney Cure I feel better than I have for twenty years, although I am now 91 years old." J. W. McCollum & Co.

North State Farmers Meet.

Raleigh, N. C., Sept. 4.—The farmers' state convention of North Carolina is in session here, E. L. Daughtridge, of Edgecombe county, presiding. Addresses of welcome were made by Governor Glenn on behalf of the state and by President Winston on behalf of the Agricultural and Mechanical college, where the session was held. The annual address of President Daughtridge was a very plain statement of North Carolina's agricultural situation and needs. He dwelt upon the desirability, not only of more labor, but of more dependable labor, and said that never before was the demand for labor on the farms so great as at present. It is, in fact, one of the great needs of the time.

Dr. Finn's Testimony Interesting.

Dr Thomas Finn of Boonsboro, Mo., who has practiced medicine for 32 years, says he has used every prescription known to the profession for treatment of kidney and bladder diseases, and says he has never found anything so effective in both chronic and acute kidney and bladder trouble as Foley's Kidney Cure. It stops irregularities and builds up the whole system. J. W. McCollum & Co.

Typhoon Visits Shanghai.

Shanghai, Sept. 4.—Shanghai was visited by a typhoon last night and this morning the entire city being flooded, the water rising to a height of three feet. This is the first flood which has occurred here within the last 50 years.

A Clear Complexion and Bright Eyes.

In most cases a sallow, blotched complexion and dull heavy eyes are due to poor digestion and an inactive liver. Orino Laxative Fruit Syrup aids digestion and stimulates the liver and bowels and makes the complexion smooth and clear. Orino Laxative Fruit Syrup does not nauseate or gripe and is mild and pleasant to take. Refuse substitutes. J. W. McCollum & Co.

DEATH BY ELECTROCUTION.

Man Prefers that Death ao One in a Pit of Molten Metal.

Chicago, Sept. 4.—Nelse Anderson, a motor inspector for the Illinois Steel company, chose death by electrocution in preference to a more horrible fate in one of the company's seething metal pits today at the South Chicago works.

Anderson was doing repair work on the arm of a crane directly over one of the hot metal pits. A slight movement of the arm caused him to lose his balance. The only support within reach was an uninsulated live wire which connected the crane with power. The doomed man gave one glance at the white-hot metal below and caught the wire as he was falling. He was almost instantly killed and the body hung over the wire until the current could be shut off.

Death is thought to have been instantaneous.

Sultan Receives Ultimatum.

Paris, Sept. 4.—The government has addressed to the Sultan of Morocco another peremptory note amounting to an ultimatum. This note says that the release of the imprisoned Algerian citizens, Bouzian is not sufficient and demand in addition: First, the payment of an indemnity; second, the puishmen of the Cadi who made the arrest and third, a public apology. If all these demands are not granted within a brief delay, the French minister was ordered to leave Fez preparatory to the adoption of coercive measures.

Chamberlain's Cough Remedy Aids Nature.

Medicines that aid nature are always most effectual. Chamberlain's Cough Remedy acts on this plan. It allays the cough, relieves the lungs, aids expectoration, opens the secretions, and aids nature in restoring the system to a healthy condition. Sold by all druggists.

Connecticut's Negro Governor.

The negroes of Connecticut were formerly accustomed to elect a governor for themselves. "Negro election," as it was called, generally took place on the Saturday following the election day of the whites. Just what the negro governor's duties and privileges were does not appear. At all events, he was respected as "gubernor" by the negroes throughout the state. The custom was established before the Revolutionary war and was continued as late as 1820.

Take Care

Of Your Heart.

It is the engine that forces the blood to every part of the body; this blood conveys the nourishment that makes flesh, bone and muscle; it also carries off the worn-out particles.

If the heart flutters or palpitates, it is weak, and is working imperfectly, so that the body does not get this nourishment; it also fails to throw off the impurities, and they remain to poison the system.

If it is irregular, skips beats, or is painful, the heart is probably "leaky" and the circulation poor. These conditions are dangerous. You can make your heart well, and keep it so, with Dr. Miles' Heart Cure, which is a heart medicine and tonic that strengthens the heart nerves and muscles.

"I have been a sufferer for years from nervousness and weak heart, and I have tried all the doctors in the community. They all told me that I had heart trouble, but they failed to help me. My druggist prevailed upon me to try Dr. Miles' Heart Cure, and Restorative Nervine, saying that if the first bottle did not benefit me he would return the money. Every dose helped me from the time I began taking it, and after awhile my trouble was gone entirely."

BURDETTE DeKAY, Cuba, N. Y.

Dr. Miles' Heart Cure is sold by your druggist, who will guarantee that the first bottle will benefit. If it fails he will refund your money.

GAINESVILLE, FLA.

OUR MILITIA.

Our State rifle team has returned from Sea Girt, N. J., where the boys of the various companies of Florida militia participated in the national contest, which brought together the best shots from the entire militia of the 45 States and several teams from the United States Army. While the team does not come home laden with medals, it has the satisfaction of leading many of the others that come from other States where the militia has three to our one to select from in promoting a team. The boys have certainly proven themselves a credit to the State.

Major Dapray, United States Army, retired, detailed by the Secretary of War as inspector of the Florida State Troops and acting assistant adjutant-general of Florida, was at Sea Girt, and witnessed the work of the Florida team. He has expressed himself as being greatly pleased with the excellent scores made by the Florida rifle team.

According to the statements of The Ocala Banner, the people of that city will not miss the saloons if they are removed as there are few men there who indulge in the stuff. The Banner declares that among the business and professional men there are no "hoozers" and the clerks do not indulge so the only ones left to drink up the liquor dispensed there are the laboring men. If this is true, is it any wonder we have labor troubles?

The Adjutant-General of the State has ordered the State encampment of the Second Infantry at Orlando, and the First will be at Lake City, the dates being October 5th for Second and October 16th for the First Regiment.

A lady tells "How to put away summer clothes," but she is a little early. We always supposed that most of the ladies put them away with their clothes the same as they do their winter apparel.

The street committee has been making some improvements about the city, but there is room for more of the good work. Many of the ruts on the main thoroughfares should be filled.

A Naples dispatch states that quite a number of Italian people living near Mount Vesuvius were killed by an eruption of that volcano a few days ago.

Mr. Peary gets out a very creditable paper—a country daily—the best country daily The News has ever seen.—Orlando Weekly News.

Many people are returning from the North at present time and relating their sufferings from heat during the last summer.

The Fort Myers Sun has one of the best paragraphists in the South.—Tampa Herald.

The Tampa Times calls The High Flyer "that freak newspaper."

The most wearing business is minding that of everybody else.

BUILDING COTTON MILLS.

The South will in a few years be supplied with sufficient help to revive the cotton mills industry, which has been somewhat retarded of late on account of the labor problem, which has at times seemed to be one of the greatest obstacles in the way of this industry.

The report of Mr. Hester, secretary of the New Orleans Cotton Exchange, shows, however, that there was a very considerable increase in the amount of cott n taken by the Southern mills during the past business year. This would seem to indicate that while so many mills are not being built every year as there was a few years ago, the capacity for manufacturing cotton goods is being enlarged with great regularity.

The number of bales taken by Southern mills for the season of 1903-4 was 1,819,209, and for the year just closed it was 2,117,920, an increase of almost 300,000 bales. If the increase were as great every year it would take only a little more than thirty years for the South to manufacture pretty nearly the whole of her cotton crop, provided there was no increase in the volume of the crop.

But there is going to be an increase in the average size of the crop. There is no doubt about that. New lands will be brought under cultivation and old ones will be made more productive.

At present the South, as a rule, is manufacturing the coarser grades of goods, says The Savannah News. She ought, more and more, to give her attention to the manufacture of the finer grades, because there is a greater profit in them, and they require a class of labor that earns better wages. There are of course a good many mills that turn out the better class of goods, but there is no good reason why there shouldn't be a great many more. If the South is to get rich, and there is no reason why she shouln't, she should put as much capital as she can into factories that turn out the best goods that are made out of cotton.

The reason that she has given the most of her attention to the coarser grades is that she has lacked capital to engage in the manufacture of the finer grades and she lacked the labor. She has the capital now and there ought to be no difficulty in getting the labor. She should get out of her cotton all there is to be had.

With a proper understanding of the advantages of cotton factories located in the South, there is no doubt, however, of securing an abundance of capital to push this industry. The people who have money to invest want the facts made known to them, and if one-half the effort was made in this direction as there is to sell stock in some worthless "salted" mine, there would be a rush of cotton mills to the South. It needs push to make a success of any industry.

HUMAN IMPROVEMENT.

To make the human race physically and morally perfect, and to accomplish that end by rearing children by the application of scientific principles which have wrought miracles with plants, is the one great ambition of Luther Burbank, the famous California horticulturist.

Mr. Burbank believes that every person could become physically, spiritually and morally perfect if subjected to the same care and treatment which he has given to plants. The natures of growing children, he said in an interview with Rev. Dr. James W. Lee of St. Louis, should be brought in relation with all the elements in their environment to which they are potentially responsive.

Burbank declares that plants, weeds and trees are responsive to only a few influences in their environment while children are infinitely more responsive and a failure to recognize certain spiritual elements in their surroundings has been the fatal lack of dealing with growing children.

Dr. Lee told Burbank that some 60,000 had been educated in London homes in the last few years, and only 2 per cent of them had turned out bad. This was due to Thos. J. Bernardo of London, and Burbank replied that he was doing the same thing with plants that Bernardo was doing with children. Burbank hopes he may be able to duplicate the work of Bernardo and carry it farther.

Dr. Gertrude Bodfish, president of the Ladies' Phys ological Institute, says: "The only way the human race can be improved upon is by carefully reared children; yes, call them scientifically cultured, if you choose. We are raising criminals now, just as fast as we can. A perfect marriage is the beginning. I believe, with Mr. Burbank, that children should be raised by the same scientific methods that plants are."

$100 Reward, $100.

The readers of this paper will be pleased to learn that there is at least one dreaded disease that science has been able to cure in all its stages, and that is catarrh. Hall's Catarrh Cure is the only positive cure now known to the medical fraternity. Catarrh being a constitutional disease, requires a constitutional treatment. Hall's Catarrh Cure is taken internally, acting directly upon the blood and mucous surfaces of the system, thereby destroying the foundation of the disease and giving the patient strength by building up the constitution and assisting nature in doing its work. The proprietors have so much faith in its curative powers that they offer one hundred dollars for any case that it fails to cure. Send for list of testimonials.

SUNSTROKES.

Don't shoot game out of season, for you are liable to get caught.

There will be plenty of hotels in Florida this winter, unless it be Gainesville.

Rain-water barrels should be taken care of, as most of them in this section are pretty full.

If the pigmies knew how littler Rockefeller cared what they say about him, they would take a sudden drop off this mundane.

Some people are so suspicious of "knockers" that they often imagine they can hear them, when it is only in their mind.

The Sun has the best circulation of its twice-a-week edition of any paper in Central Florida, and as an advertising medium it is worth double the price charged for space.

We wish it understood that persons who do not control even as much of an interest in this paper as one subscription, are not expected to have anything to say regarding its policy or management.

A fellow was arrested in Jacksonville for "cussing" the telephone operator. It has often seemed to others that something of the sort would afford the satisfaction that you could not get over the 'phone.

And now the judges in Florida, in sentencing a man for a capital crime, will say: "And you will be hanged by the neck until you are dead, dead, dead—unless otherwise provided by the State Board of Pardons."

The easy manner in which the yellow fever was disposed of in Tampa leads many to believe that there is no cause for alarm in Pensacola. People should exercise a reasonable amount of judgment in the matter, keep their premises clean and there is no need of unnecessary excitement. But every city should see that the places where mosquitoes thrive are abolished and such places kept clean.

ORINO
Laxative Fruit Syrup
Pleasant to take
The new laxative. Does not gripe or nauseate. Cures stomach and liver troubles and chronic constipation by restoring the natural action of the stomach, liver and bowels.

ORIGIN OF FLY FISHING.

Dates Back to Classic Times, as Shown In Greek Writing.

Probably few fishermen are aware that fly fishing dates back to classic times, says Forest and Stream. A minute description of the artificial fly as used by Macedonian anglers is given by Aelian, a Greek writer of the third century A. D., as follows:

"Between Berea and Thessalonica there flows a river, Astraeus by name, and there in it fishes of a spotted color, but by what name the people of those parts call them it is better to ask Macedonians. At any rate, these fish live upon the native flies, which fall into the river and are like no flies of any other part. One would neither call them wasplike in appearance nor would one reply to a question that this creature is formed like what we call the bumblebees nor yet like the honeybees themselves. It has really the proper fashion of each of the above. In audacity it is like a fly, in size it might be called a bumblebee, in color it rivals the wasp, and it buzzes like the honeybees. All common creatures of this sort are called horse tails. These pitch upon the stream to seek the food they affect, but cannot help being seen by the fish, which swim underneath.

"So whenever one of them sees the fly floating he comes softly, swimming under the water, fearful of disturbing the surface and so scaring away his game. Then he comes near the shady side of the fly, gapes and sucks him in, just like a wolf snatching a sheep from the fold or an eagle a goose from the yard. This done, he disappears beneath the ripple. The fishermen understand these maneuvers, but they do not make any use of these flies for a bait for the fish, for if the human hand lays hold of them they lose their natural color, their wings fray, and they become uneatable to the fish. So for this reason they make no use of them, disliking them because their nature forbids their capture. So with angling craft they outwit the fish, devising a sort of lure against them. They lap a lock of reddish wool round the hook and to the wool two cock's feathers, which grow under the wattles and are brought to the proper color with wax. The rod is from six to ten feet long, and the horsehair line has the same length. They lower the lure. The fish is attracted by the color, excited, draws close, and, judging from its beautiful appearance that it will obtain a marvelous banquet, forthwith opens its mouth, but is caught by the hook, and bitter indeed is the feast it has, inasmuch as it is captured."

THREE JURORS CURED

Of Cholera Morbus With One Small Bottle of Chamberlain's Colic, Cholera and Diarrhoea Remedy.

Mr. G. W. Fowler of Highpower, Ala., relates an experience he had while serving on a petit jury in a murder case at Edwardsville, county seat of Clebourne county, Alabama. He says: "While there I ate some fresh meat and some souse meat and it gave me cholera morbus in a very severe form. I was never more sick in my life and sent to the drug store for a certain cholera mixture, but the druggist sent me a bottle of Chamberlain's Colic, Cholera and Diarrhoea Remedy instead, saying that he had what I sent for, but that this medicine was so much better he would rather send it to me in the fix I was in. I took one dose of it and was better in five minutes. The second dose cured me entirely. Two fellow jurors were afflicted in the same manner and one small bottle cured the three of us." For sale by all druggists.

Unappreciated Courage.

In the Tennessee mountains lived a little hunter named Hiram Gates. Although small in size, Hiram was noted for his bravery for miles around in that section of the country, where courage was a common asset. Once while hunting he tracked a bear to a small cave. Now, a man hasn't one chance in a million fighting a bear in close quarters, but this fact didn't deter Hiram for a minute. Throwing down his gun, he put his knife between his teeth and crawled into the dark hole after the animal.

By the greatest of good fortune he succeeded in killing it, for the reason that the cave was so small that the bear couldn't turn around to defend himself. Otherwise there probably would have been a different story.

Hiram skinned the bear and then went home, where he explained the manner of the killing to his father. The old man listened quietly until the tale came to an end and then, in a high pitched, quavering voice, said:

"Well, Hiram, I like a brave man as well as anybody, but you're an infernal fool!"

Sprains.

S. A. Read, Cisco, Tex., writes, March 11, 1901: "My wrist was sprained so badly by a fall that it was useless; and after using several remedies that failed to give relief, used Ballard's Snow Liniment, and was cured. I earnestly recommend it to everyone suffering from ..." For sale by S. Johnson.

MARSHALL FIELD TO WED.

Will Marry Rich Society Leader of Chicago in London.

New York, Sept. 4.—Marshal Field, the wealthy Chicago merchant, has been granted a special license to marry Mrs. Delia Spencer Caton, also of Chicago, according to a cable dispatch from London. The wedding will take place at St. Margaret's church, Westminster next Tuesday. Mr. Field has been a widower for some years. Mrs. Caton's husband, a well known whip and sportsman, died suddenly at the hotel in this city during the

MARSHALL FIELD.

horse show last winter. Her wealth extends into the millions. Since the death of her husband she has held aloof from social functions and in the latter part of June left for Europe with her sister. She met Mr. Field in Switzerland after he went abroad in July. Since then the party has toured through Spain, Italy and the Alps. They were last heard from by their friends at Berne, Switzerland.

Chicago, Sept. 4.—There have been frequent rumors that Marshall Field and Mrs. Delia Spencer Caton who is the widow of Arthur J. Caton, would marry.

Marshall Field, whose wealth is variously estimated at between $100,000,000 and $150,000,000, was 70 years old on Aug. 18. Mrs. Caton, who was Miss Delia Spencer, daughter of the man who founded the hardware establishment of Hibbard, Spencer, Bartlett & Co., is 46 years old. She is one of the leading figures in Chicago society and for years ranked second to none of the society leaders.

Mrs. Caton not only inherited the wealth of her husband, but a large portion of the estate of her father. She is reported to be worth between $1,000,000 and $2,000,000.

Like Finding Money.

Finding health is like finding money, think those who are sick. When you have a cough, cold, sore throat, or chest irritation, better act promptly like B. C. Barber of Sandy Level, Va. He says: "I had a terrible chest trouble caused by smoke and coal dust on my lungs, but, after finding no relief in other remedies, I was cured by Dr. King's New Discovery for consumption, coughs and colds." Greatest sale of any cough or lung medicine in the world. At all drug stores; 50c and $1; guaranteed. Trial bottle free.

Forced to Eat Human Flesh.

Paris, Sept. 4.—As a result of the exploration of Count de Brezza the African explorer, into the charge of cruelty against natives of the French Congo, the government announced that the chief colonial functionaries Gentil and Toque, have been sentenced to five years' imprisonment and fines included, compelling the natives to eat a dish made of the bodies of relatives and also of cartridges inserted into the bodies of the natives.

Fifteen Injured in Wreck.

Gardiner, Me., Sept. 4.—The engine of the Bar Harbor express of the Maine Central railroad, eastward, crashed into the rear of the last section near the station here today. The car was badly wrecked and about 15 persons were injured, one man seriously. The child resulting from scalding by escaping steam from the locomotive boiler were taken to Gardiner hospitals. None of the cars left the track.

The Original.

Foley & Co., Chicago, originated Honey and Tar as a throat and lung remedy, and on account of the great merit and popularity of Foley's Honey and Tar many imitations are offered for the genuine. These worthless imitations have similar sounding names. Refuse them. The genuine Foley's Honey and Tar is in a yellow package. Insist and refuse any substitute. The best remedy for coughs and colds. J. W. McCollum & Co.

Begin Taking Ozomulsion Today and Your Cure Begins Today

JEALOUS WIFE STABS RIVAL.

Young Woman Fearfully Mutilated by Sharp Razor.

New York, Sept. 4.—Mary Fagalia a beautiful Italian girl of Brooklyn, was shockingly mutilated today by a woman who is said to have been made jealous by her husband's admiration for the girl's pretty face.

Miss Fagalia was in her own home when the jealous woman attacked her with a razor and slashed her face terribly, inflicting three long gashes, one across the temple, another opening her cheek from ear to mouth and a third almost severing the end of her nose.

Miss Fagalia declared that she did not know the cause of the vicious assault, but a relative who saw Mrs. Francesca Delmontio disappearing over a fence when she responded to the screams of the injured girl, supplied the accepted motive.

The police scattered for Mrs. Delmontio but could not find her.

Miss Fagalia was not fatally hurt, but was disfigured for life. She declared she would settle her account with her assailant without the interference of the police.

Beautful Women.

Plump cheeks, flushed with the soft glow of health and a pure complexion, make all woman beautiful. Take a small dose of Herbine after each meal; it will prevent constipation and help digest what you have eaten. Mrs. Wm. M. Stroud, Midlothian, Tex., writes, May 31, 1901: "We have used Herbine in our family for eight years, and found it the best medicine we ever used for constipation, bilious fever and malaria." Sold by W. M. Johnson.

Prince Charles for King.

Copenhagen, Sept. 4.—It is expected that negotiations between Norway and Sweden will soon result in a full agreement on the subject of the dissolution of the union. Well-informed persons presume that Sweden will give up her claim for the razing of the fortresses on the Norwegian frontier being satisfied if the forts are not armed. The Swedish court favors the candidacy of Prince Charles of Sweden for the Norwegian throne, but it is not certain that the riksdag will accept the Norwegian offer of 700,000 crowns yearly as an allowance for the eventual king.

Devoured by Worms

Children often cry, not from pain, but from hunger, although fed abundantly. The entire trouble arises from inanition; their food is not assimilated, but devoured by worms. A few doses of White's Cream Vermifuge will cause them to cease crying and begin to thrive at once, very much to the surprise and joy of the mother. Sold by W. M. Johnson.

City Council Condemns Mayor.

Atlanta, Sept. 4.—In strong terms the general council condemning the conduct of Mayor Woodward when he was attending the convention of the League of American Municipalities at Toledo. The resolution adopted by the council and which was reported from a committee of the whole, declared that the mayor was in a state of partial intoxication and conducted himself so as to bring discredit upon Atlanta and humiliation to her people, and by his conduct in an official capacity he outraged the sentiment and spirit of the citizens of Atlanta.

Attacked by a Mob

And beaten in a labor riot, until covered with sores, a Chicago street car conductor applied Bucklen's Arnica Salve and was soon sound and well. "I use it in my family," writes G. J. Welch of Tekousha, Mich., "and find it perfect." Simply great for cuts and burns. Only 25c at all drug stores.

AT ST. AUGUSTINE.

A GREAT EDUCATIONAL MOVEMENT!

A Magnificent Library Worth $500 Offered Free of Cost!

Something SUN Readers Should Consider

Read the Following Details Carefully:

The Mystery Surrounding the Beautiful Display in G. W. HYDE'S Window Revealed in the following.

A number of our enterprising merchants have arranged what will prove to be a most interesting contest between the High School, Twentieth Century Club, Odd Fellows' Home, B. P. O. Elks, Volunteer Firemen, Masons, W. O. W., K. of P., Gainesville Guards, Kirby Smith Chapter or J. J. Finley Chapter of the U. D. C., or any church, Sunday school, hospital organization or institution you would wish to own the beautiful library valued at $500, now on display at G. W. Hyde's.

THE REWARD will be a magnificent library, consisting of 200 volumes of the standard subscription publications of the day as follows: The Great Chas. Dudley Warner "Library of the World's Best Literature," 46 volumes; "Library of the World's Greatest Classics," 30 volumes; the Anglo-American Dictionary and Cyclopedia, 12 volumes; Library of Oratory, by Depew, 15 volumes; Works of Balzac, 36 volumes; the Library of Poets, 32 volumes; the World's Best Essays, 10 volumes; History of Our Great Commanders, 12 volumes.

Each and every one of these books are specimens of the best mechanical execution, which examination will prove.

The conditions of the contest are as follows: Any lodge, church or school, club, hospital or organization, public or private, is eligible to the contest. Votes for individuals will not be counted. With each 10 cents purchase a ticket will be given by the merchants through whose liberality these grand libraries are furnished, on which will be written the amount of the purchase and the number of votes. The purchaser will write on the ticket the institution or organization for which he or she desires to vote, sign their names and deposit the ticket in the ballot box in the store in which the purchase is made.

The standing of the contestants will be published exclusively in each Sunday's issue of The Sun until October 14th, 1905, at 7 o'clock p. m., when the remaining votes will be counted, and the magnificent library awarded to the organization having the largest number of votes. The Sun will publish in each issue a coupon which will entitle the holder to two votes that will be credited to the institution that is written on space provided for same when delivered to the ballot boxes in either of the stores.

Voting Tickets Can be Secured From the Following Merchants:

G. W. HYDE

The leading Dry Goods store. Voters, remember this is headquarters.

Marcus Endel.

The leading Clothier, Men's Furnisher and Tailor of Gainesville. We satisfy the most exacting demands of all. Votes count here.

Gainesville Furniture Company.

The big Furniture store, where you can vote every payment you make, cash or installments. Don't overlook this valuable precinct.

L. C. Smith.

The best and largest variety of Shoes in town. We have the pair you want. We have the votes. Come and see us.

J. S. Bodiford & Company.

The reliable druggists. A busy store where the voting will be heavy. We have them.

J. W. McCollum & Company.

The up-to-date Druggists. The votes are here. Come see us.

L. C. Smith.

The leading Jeweler. Our splendid stock will supply the most exacting demands. The votes are here in plenty.

A. L. Vidal & Company.

The only Soda Fountain, Confectioner and Book dealer issuing votes. They count here.

W. R. THOMAS.

Our Buggies, Wagons and Harness are the best at the right price and a vote worth going after. Our Livery department affords a splendid opportunity to vote.

W. S. Dorsey & Company.

The Grocery and the Market offers the strongest precinct. 75 per cent of your voting strength is with the grocer; every meal you serve, it's voting. Bring your account and vote when you pay the same.

Gainesville Planing and Coffin Co.

A glorious opportunity for contractors to vote for their favorite. A load of wood 10 votes. Don't miss them.

W. D. Fagan & Company.

Our Meats and Vegetables are the best the market affords. Vote here.

Gainesville Steam Laundry.

Give us your work, save the bundle slips. Get your friends to do likewise. Take them to our agency and get the votes. Big item.

A. M. Cushman.

Votes will be issued for premiums on new policies written or old policies renewed, provided such premiums are paid within thirty days of date of policy. For each 10 cents of premium one vote will be issued.

Mrs. S. W. LeGrande.

The only Millinery and Notion store issuing votes. Vote here.

Merchants, Note Carefully.

The rules of the contest provide that each merchant shall carefully make a record of his vote on Friday night of each week, sending a duplicate of same to The Daily Sun, on Saturday before noon of each week, over his own signature, including the tickets, carefully wrapping and tying them up in as small a package as possible; write your own name and date of delivery on each so that they can be filed away with your records and delivered to a committee on awards appointed at the close of the contest.

THE SUN'S Voting Proposition.

Under no circumstances will an employe of this paper be allowed to cast a vote in this contest.

We will give a premium of 250 votes for every paid three months' subscription, 500 votes for every paid six months' subscription and 500 votes for every paid subscription for one year to the Sun, and 500 votes for one year's subscription to Semi-Weekly Sun. Old subscribers get the same number of votes by paying their subscriptions in advance. Every voter should be a subscriber. To the institution securing the largest number of votes in this manner, we will award at 7 o'clock p. m. October 14th, 1905, 10,000 votes.

LIBRARY VOTING COUPON.

This coupon entitles the holder to two votes that can be cast for any institution competing for the beautiful library, when properly filled out, signed and returned to the ballot boxes in either the above stores.

Name of Institution .....

Name of Voter .....

A. U. Hilleary of Micanopy was in the city yesterday. Mr. Hilleary has just returned from an extended visit to points in Tennessee, Arkansas and Missouri, and friends will be glad to learn that he is very much improved.

Miss Claudie Bradley, formerly of Wacahoota but now of Jacksonville, was in the city for a few hours yesterday. She was en route from a visit to her old home, where she was called on account of the illness of her mother, Mrs. R. S. Bradley, but left the patient greatly improved.

Judge Cromwell Gibbons of Jacksonville is in the city on legal business. He is an enthusiastic Elk and regrets that business prevented his presence during the installation of the Gainesville lodge last week. Judge Gibbons was Speaker of the House of Representatives of the Florida Legislature of 1903.

READ THIS.

DYERSBURG, TENN., June 1, 1904

This is to certify that I have used one bottle of the Texas Wonder Hall's Great Discovery, and have been greatly benefited, and can cheerfully recommend it to the public.

C H [illegible]

A TEXAS WONDER.

One small bottle of the Texas Wonder, Hall's Great Discovery, cures all kidney and bladder troubles, removes gravel, cures diabetes, seminal emissions, weak and lame backs, rheumatism and all irregularities of the kidneys and bladder in both men and women, regulates bladder troubles in children. If not sold by your druggist, will be sent by mail on receipt of $1. One small bottle is two months' treatment and seldom fails to perfect a cure. Dr. Ernest W. Hall, sole manufacturer, P. O. box 629, St. Louis, Mo. Send for testimonials. Sold by all druggists.

F. E. Cellon returned yesterday from Hague, where he has been on a brief visit to his relatives.

The Chinese Laundry guarantees all work satisfactory. Collars 2c, cuffs 4c, undershirts 6c, white shirts 10c. Family washing reasonable.

Capt. Sam Dupuis of Alachua, one of the most prominent citizens of that section, was among the visitors to the county capital yesterday.

Prof. G. M. Patterson of the LaCrosse school was in the city yesterday, having come to attend the examination which will begin today.

Mrs. E. L. Stringfellow of Jacksonville, formerly of this city, was in the city Sunday on a visit to friends and relatives. Mrs. Stringfellow is quite a favorite here, and all are glad to see her.

Wanted—Lady or gentleman of fair education to travel for firm of $250,000 capital. Salary $1,072 per year, payable weekly. Expenses advanced. Address Geo. G. Clows, Gainesville, Fla.

Horses and Mules—Beginning Wednesday, September 6th, we will have at our stables one of the finest herds of Kentucky horses and mules ever seen in Alachua county, or the State. Driving and saddle horses, working mules, all healthy and in the finest condition, at right prices. Come and see them. Crawford & Davis.

Friends of Judge H. G. Mason will be glad to learn that he has arrived safely at his old home, Lithia Springs, Va., and is enjoying fine health. Judge Mason has been "ailing" for the past few months, and thought a change to the springs of his old home would benefit him. He has not been disappointed and expects to return to his home thoroughly relieved of his troubles.

Registration Notice.—Notice is hereby given that the registration books of the City of Gainesville are now open at my office in the United States land office, where all persons qualified to register, including residents of the new territory added to the corporate limits of the city by the new charter enacted by the last Legislature, may register between the hours of 8 and 12 a. m. and 1 and 4 p. m. Books close on Saturday, September 9th, 1905. J. M. DELL, City Clerk.

NEW YORK RACKET.

CHEAPEST STORE ON EARTH

Just received a big shipment of RICE.

The last cheap Rice to be had before the new crop comes in.

Get you a sack.

The Chinamen live on Rice and keep fat. So can you.

Phifer Brothers,

Phifer's Corner, Gainesville, Fla.

The Union Central Life Insurance Company of Cincinnati

Established in 1867

Has made a record during the last twenty-five years not equalled by **any Life Company in the United States!**

In twenty-five years it has earned the highest rate of interest of any life company, although its assets have consisted of the safest non-fluctuating securities—mainly first mortgage loans on real estate—ON WHICH THE COMPANY HAS SUSTAINED A LOSS OF LESS THAN ONE TENTH OF ONE PER CENT, during the same period of years.

The UNION CENTRAL is the Great Policy-Holders' Company.

W. B. HIGDON,

General Agent,

GAINESVILLE, - - - FLORIDA

The East Florida Telephone Company have connected their line to Newberry, which means a great thing for this city, as communication may be had instantly.

Warranty deed and mortgage blanks for sale at this office, the form used in Alachua county which saves money in recording. $2 per hundred or 50c per dozen by mail. Cash must accompany order. dawtf

Rebekah Degree, I. O. O. F., is making fine progress in this domain, having added at its last meeting five new members to the list. The Rebekahs are desirous of securing members of all wives and daughters of Odd Fellows.

Some rare bargains are to be had at this office in second-hand typewriters: Remington No. 6, practically new; Remington No. 7; Barlock No. 10; Smith Premier No. 2; Caligraph No. 3, and Fay-Sholes No. 6. These machines will be sold cheap and on very reasonable terms. First applicants get the best bargains. dawtf.

J. R. Merchant and M. H. DeLand have returned to this city after an extended visit to points in Iowa, Illinois, New York, Washington, D. C., and other points. Mr. Merchant went for the benefit of his health, and friends will be glad to learn that he is very much improved. Prof. DeLand is also looking better for the trip, and friends of the young men are glad to welcome them home again.

Henry Davis, of the firm of Crawford & Davis, liverymen, has returned from Kentucky where he purchased a fine lot of horses and mules for this market. The Sun man has seen the stock, and has heard good judges pronounce it as fine as ever brought to this section. Mr. Davis, who is an expert on horseflesh, exercised every effort to get the best in the Kentucky market and it looks as though he was successful.

J. W. May, a progressive planter and a good friend of The Sun, was among the visitors to this city yesterday from Archer, and among other business included a renewal to his subscription. Mr. May states that the rains have been heavy in his section lately, but the hardest rainfall he ever saw occurred Sunday. The branches are high, and in many places the driver must be careful to keep his team from being washed away.

Attention, K. of P.

The regular weekly meeting of Mt. Vernon Lodge No. 20, Knights of Pythias, will be held at the lodge room over Dutton's bank this evening at 8 o'clock, at which a full attendance is desired, and visiting brothers will receive a cordial welcome. There will be work in the Rank of Esquire.

S. R. CARTER, C. C.

E. G. BAXTER, K. of R. & S.

If the Baby is Cutting Teeth

Be sure and use that old and well-tried remedy, Mrs. Winslow's Soothing Syrup, for children teething. It soothes the child, softens the gums, allays all pain, cures wind colic and is the best remedy for diarrhoea. Twenty-five cents a bottle.
